

PATRICK CAIRE

UX/UI | WEB DESIGN & DEVELOPMENT

Designer and developer with 8+ years of experience in branding, UX/UI, and web design — now bridging design and code through an intensive full-stack development bootcamp (JavaScript, React, Next.js).

I bring a rare combination: the visual thinking and user-centered approach of a seasoned designer, with growing hands-on ability to build what I design. Experienced in leading projects from concept to production, collaborating closely with engineering teams, and shipping websites and web applications using both code and no-code tools like Webflow. Increasingly leveraging AI as a creative and development partner.

Core Competencies: UX/UI Design, Design Systems, User Research, Prototyping, Interaction Design, Figma, Webflow, Design Thinking, Brand Identity, Cross-functional Collaboration

McGill University (Montreal)

International Baccalaureate
UWC Atlantic College

PROFESSIONAL EXPERIENCE

Jut-so 📍 Berlin | Hybrid 📅 July 2023 - Sept. 2024

Senior Web & UX/UI Designer [Letter of recommendation](#)

- Designed and maintained the company's design system in Figma, ensuring brand consistency and streamlined developer handoff across projects.
- Translated wireframes and prototypes into polished, production-ready UIs, collaborating closely with frontend developers on implementation and debugging.
- Owned the development of client websites in Webflow, from design through build, deployment, and iteration.
- Collaborated with UX researchers to optimize user flows and interaction design, improving product usability and adoption.
- Produced marketing and campaign materials for multiple client brands.

Loominate 📍 Berlin | Remote 📅 June 2019 - July 2023

Co-founder & Creative Director [Client testimonials](#)

Founded a creative agency specializing in branding, marketing, and product design for cultural and emerging tech organizations.

- Led end-to-end brand identity development and created scalable design systems for startups and foundations.
- Directed UX/UI projects for web and mobile applications, delivering developer-ready prototypes and specifications.
- Owned Webflow website builds — both hands-on development and coordinating with external development partners for complex implementations.
- Conducted user research, usability testing, and design sprints to validate product concepts rapidly.
- Managed client relationships, project roadmaps, and cross-disciplinary teams of designers, developers, and content creators.
- Produced marketing campaigns, including digital and print assets, social media content, and launch strategies.

COMPETENCIES

- UX/UI Design & Prototyping
- Web Design & Development
- Brand Identity & Art Direction
- Design Systems & Dev Handoff
- Design Thinking & Design Sprints
- AI-assisted Design & Dev
- Cross-platform Campaign Design
- Visual Problem-solving
- Photo/Video Editing

SOFTWARE

Design & Dev:

Figma, Adobe CC, Affinity,
JavaScript, React, Next.js,
Git, Webflow

Audiovisual:

Da Vinci Resolve, CapCut
Ableton Live, OBS, Canva,
Nano Banana

Productivity:

Slack, Miro, Asana, Make & n8n

AI Tools:

Claude Code, Gemini, Cursor
AI-assisted coding workflows

Zentralnorden 📍 Berlin | On-site 📅 Jan. 2018 - Dec. 2019

UX & Graphic Designer

- Created digital campaign concepts and UX/UI designs for web and mobile platforms.
- Consulted on content management solutions and platform optimization to enhance customer engagement.
- Partnered with developers and cross-functional teams to deliver customer activation campaigns from concept to deployment.

EARLIER ROLES

Graphic Design Intern - Phorms Education (2016-2017)

Produced digital and print materials, newsletters, and assisted with website redesign.

Media Designer - P & T Paper & Tea GmbH (2014-2016)

Directed product photography, print production, and designed marketing assets.

Data Typist - Idealo GmbH (2013-2014)

Maintained CMS data, optimized product categories, and supported market research.

Founder & Editor - Art Sponge (2009-2014)

Launched and curated a global art blog, building a network of artists and art professionals.
